NORTHERN SEED COMPANY

SHERIDAN, WYOMING

The Nation is again confronted with the great problem of increasing production to feed our armed forces, our allies and starving civilians in countries that are taken over by our armed forces as they advance toward Berlin.

It is every seedman's obligation to secure for his trade quality seed, that his customers may help increase production and indirectly help to win the war in '44.

As you till the soil and plant this year, you can do it with a feeling that you too are delivering a blow to the Axis, side by side with your brother or son in the armed forces.

Let this be our slogan, "To help by producing Food for Victory."

H. D. WATENPAUGH

A. W. HERRMAN

ABOUT GUARANTEE

We have used every possible care to secure seeds that are true to name, carefully selected, and all lots are tested thoroughly for both germination and purity. Owing to so many conditions beyond the control of either the seedsman or planter, however, we give no warranty, express or implied, as to the productiveness of any seeds we sell and we will not be in any way responsible for the crop. Our liability, in all instances, is limited to the purchase price of the seed.

NORTHERN SEED COMPANY.

WYOMING SALES TAX

The Wyoming Selective Sales Tax Law exempts feeds only "for use in feeding livestock or poultry for marketing purposes." It also exempts "all sales of seeds, roots, bulbs, small plants and fertilizer planted or applied to land, the products from which are to be sold."

Feed, seed, etc., other than for the above purposes is therefore taxable, as are all supplies, garden tools and miscellaneous articles which we handle. Wyoming customers will please add 2% to the amount of their orders for such items to cover this tax. Mail orders to be shipped outside of the state are not subject to Wyoming Sales Tax.

VEGETABLE SEEDS

One of our most important projects for 1944 will be to raise our own food from our own Victory Garden, to eat fresh and to can the surplus for winter use.

The demands for seed and the ever-growing shortages will be greater this year. Early purchasing of seeds is strongly urged. Food from the garden is not rationed.

Flower Seeds

This year, of course, you won't forget your vegetable garden, but a well balanced Victory Garden constitutes the beauty supplied by flowers. Truly there is no substitute to relieve the tension of war nerves or to keep up one's morale than the beauty of flowers in one's garden. Again, this year, full descriptions and a great many flowers that we carry are lacking, but the flower seeds that we have chosen for you are of the finest obtainable and are awaiting the dramatization of your Victory Gardens.

Key to Symbols: (a) Annuals; (b) Biennials; (p) Perennials

(All prices are postpaid)

ACROCLINIUM—(a) Straw Flower. Double mix. Pkt. 5c;
¼ oz. 40c.

“Glads” in mixed colors not named but first class stock, doz. 60c; 50 for \$2.00; 100 for \$3.50.

Protect Your Flowers—Use Acme Aphis Spray

Nursery Department

Having sold Fairacres Nursery, all stock must be disposed of this spring. As soon as it is at all possible, all shade trees and ornamental shrubs must be moved, also a good variety of evergreens.

Our plan at this time is to get them dug and moved to our place of business in Sheridan at the earliest date that we are able to get into the field to do so. In the meantime we will have available a price list of all stock, which may be had by calling at the Northern Seed Company, phoning 141, or sending a card. Also, watch for the complete list, which will be found in the Sheridan Press at the time when trees and shrubs can be moved.

Do not call at the Nursery as there will be no one there to wait on you!

GUARANTEE

All items of nursery stock are guaranteed to be alive and in first class condition, capable of growing if properly cared for when they leave our hands. We further guarantee that any dormant stock that does not grow, if properly planted and cared for, we will replace at one-half price the following season, providing we are notified in writing not later than August 1st.

If dormant stock does not leaf at once do not become discouraged and neglect the plant, as sometimes it requires several weeks of warm weather and plenty of moisture before any buds make their appearance.

DELIVERY

All stock, except balled and burlapped evergreens and items over 7 feet in length will be delivered free by parcel post to points within 300 miles of Sheridan. All items for Sheridan can only be delivered on our regular once-a-day delivery. To points other than mentioned above the cheapest fast delivery, charges collect.

DISCOUNT

A discount of 5% will be made on orders totaling \$10.00 or more, exclusive of evergreens.

PERENNIALS

Having disposed of our entire stock of perennials to the Sheridan Greenhouse Company, they will be able to supply your needs in this line from the same complete stock that we have carried the past years.

FRUIT TREES

APPLES—

Prices: 9/16 in. caliper (about 4½ ft. high) each \$1.00.

Prices: 7/16 in. caliper (about 3½ ft. high) each 80c.

Dr. Salsbury's Poultry Remedies

We carry the Dr. Salsbury's line of poultry remedies. These are highly effective. A sick flock of chickens will make you no profit.

Ask for Dr. Salsbury's free book on poultry diseases.

LAWN GRASS SEEDS

KENTUCKY BLUE GRASS—Extra quality 23-lb. seed. Per lb. 50c; 5 lbs. or more @ 45c per lb.

WHITE DUTCH CLOVER—High quality domestic seed. Per lb., \$1.10; 5 lbs. or more @ \$1.05 per lb.

SHADY LAWN MIXTURE—Our own high grade mixture. Per lb., 55c; 5 lbs. or more @ 50c per lb.

MOUNTAINEER LAWN MIXTURE—The kind we have sold for years, with outstanding results. Per lb., 55c; 5 lbs. or more @ 50c per lb.

HUDSON EQUIPMENT

With restrictions somewhat removed on items of vital importance, we will again have a limited supply of brooder stoves, water founts, and feeders, as well as some types of liquid sprayer and dust guns.

Our allotment has not arrived at this time, therefore, we are unable to list the items in detail that will be available.

GRAIN

An excellent crop of grain the past year will enable us to supply the trade with a good quality of seed oats, wheat and barley. Swedish Select, Markton and Victory oats, Trebi and Wisconsin 38 barley are types that have been the main stay in the feed line. Marquis wheat of pure seed will be had at all times. The past year we have sold a considerable amount of Thatcher wheat with good results. It is of good milling quality, high in protein and rust resisting.

We are adding to our old line of grains Vicland oats, which has been developed by Iowa experiment stations. Seed available is grown locally from certified stock. From 800 pounds of seed planted in spring of 1943 one grower reports a yield of 830 bushels. Short, stocky straw to prevent lodging is one advantage, while others are that it is smut and rust resisting. It looks like an excellent oats for irrigated land.

**ALL GRAIN TESTED TO COMPLY WITH SEED LAWS.
SEED GRAIN SACKED IN BURLAP BAGS**

	Per Cwt.
SWEDISH SELECT, MARKTON and VICTORY OATS	Ask
TREBI and WIS. 38 BARLEY	Ask

ALFALFA SEED

With alfalfa seed crop one of the shortest in many years, our stock is limited. Therefore, we suggest you order early. Buy the best grade to plant if you plan to grow seed. Quality seeds pay dividends.

All prices are F. O. B. Sheridan, and are subject to stock on hand, and may change without notice. Items marked (*) are packed in specially branded heavy cotton bags, 100 lbs. net weight. No extra charge for bags.

	per cwt.	Lots of 11 to 50 lbs. per lb.	Lots of 10 lbs. or less per lb.
*ALFALFA—Common, Fancy	\$44.00	\$.45	\$.47
